At GLI, we do more than provide world-class instruction in English. We also do all we can to help our students reach their greater goals — academic, professional, or personal. And we believe that this happens best in a warm, friendly environment. GLI is not part of a large, corporate chain of schools, nor is it a large university where you may feel lost. At GLI, you will be welcomed by caring people who will know your name and will look forward to helping you...not only when you are in the classroom, but even after classes have finished for the day.

Please take a moment to learn more about GLI. In this brochure, you will find the programs, the facts, and the reasons why GLI is known for its quality language instruction and excellent student services. In our 20 years of experience, we have welcomed students from more than 125 countries.

We hope that you will decide to join our international family. Let us help you to gain confidence in your English, prepare for your future, and make life-long friendships that lead to greater understanding in our complex world.
